### CASE MANAGEMENT PROGRAMS SERVED

### CLIENT SATISFACTION

### TESTIMONIALS

“ Without this program I would be in a rotten place. I have **benefited** so much from meeting with my worker. Meeting people through this program have provided me with some **new friends**.

“ They go **above and beyond** each time, they work hard to make things work for me.

“ I realized my **mental health** and stability were deteriorating quickly under the current circumstances I was in. Alpha Court **recognized** this and became **instrumental** in stabilizing my health to the point where I could **live** and carry on with my life.

“ My **mental health** deteriorated to the point where **life** was unlivable. I would absolutely be dead without Alpha Court's assistance.
